

CLASS OF 1980

EVERYBODY'S *Talking...*

"WHAT IS A CLASS REUNION?"

It's....

Trying desperately to get into the same dress size you wore the day you graduated.

Dancing with your school beau and trying to remember what you ever saw in him!

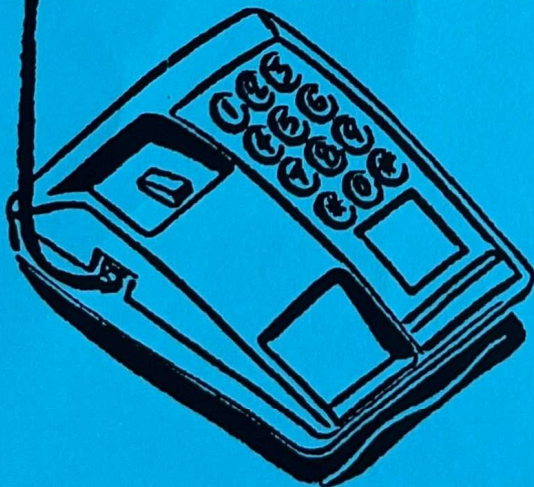

Introducing your husband to everyone -- except the classmate who almost became your husband.

Seeing your principal and still being nervous.

Meeting an impeccably groomed woman in high fashion clothes - and realizing that she was the slob you once shared a locker with.

Showing snapshots of your children... again, again, again and again ... and again!

A class reunion is remembering only the good times!

Alief Elsik High School

Class of 1980

Presents their

Twenty Year Reunion

At

Sam Houston RaceTrack

7575 Sam Houston Parkway

Friday—September 1, 2000

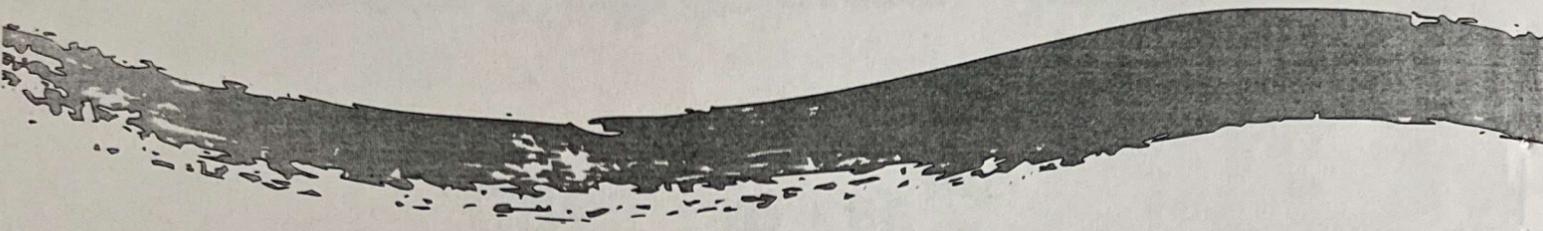

And

Adams Mark Hotel

2900 BriarPark at Westheimer

Saturday—September 2, 2000

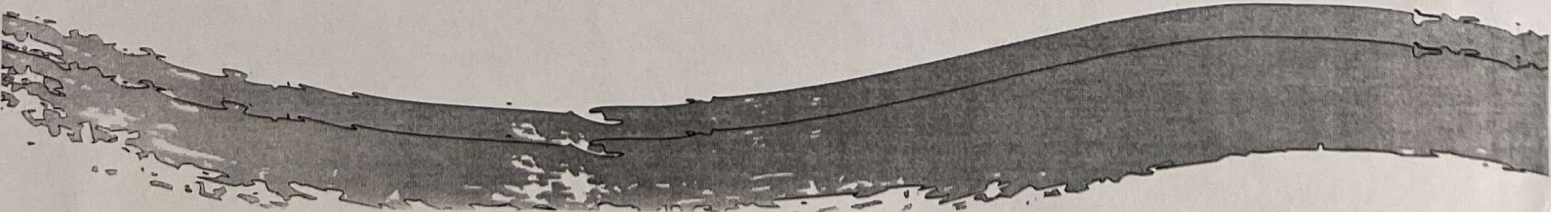

7 p.m.

**Kerry Dale
Gay McLaren**

*IN MEMORY OF
CLASSMATES
NO LONGER WITH US*

*Time keeps passing but the emptiness is there
Our hearts have not mended from the grief we all share
We miss you more than yesterday.
but less than tomorrow
No one can really understand how very deep our sorrow
You bid no one a last farewell.
Not even a goodbye
You were gone before we knew it
and only God knows why
No one knows the heartache.
Only those who loved you can tell
The grief we bear in silence for the ones we loved so well.*

Memories Had great times hanging out at Jack-in-Box parking lot, goin g disco dancing in Danskins Wrapskirts & going two stepping at Simonton Rodeo. True Confessions: Ms. Lowery-Dewana & I went joy riding during yearbook. I don't think we sold a single ad all year.—I discovered that trash can punch was not really non-alcoholic but not before I lost my senior ring. Since: I discovered that I would turn 36 withor without a degree, so I went back to college and got on in interior design. I refer to it as the "Decade Degree" It almost took tha long! (8 yrs, 5 transcripts) As cool a mom as I "think" I am, I can only listen to Eif165 & Smashmuth at ull volume for an hour before I scream. Kid Rock & posters of double blessed women aren't allowed.

Memories: Looking back, I really enjoyed being cheerleader mgr. & holding up banner for football players to run thru. Laura Giese, Leslie Bowland, Gayla Connaughton & myself—we would get on each others shoulders & try not to fall down when they ran through—it was so fun actin silly! I also loved the disco-when I hear it now on radio-it really puts a big smile on my face. Since: Moved to Dallas in '86 & all except 1 dreadful year, I have lived here since. I am Nat'l Accounts mgr for nat'l Communication Services, in Plano. I have become an avid snow skier & love vacationing in Colorado. Have flown in a glider plane, ridden at TX Motor Speedway in official NASCAR at 165 miles per hour, went up in hot air balloon at festival in Albuquerque NM & am learning how to scuba dive. I have managed to stay single (no children) & enjoy every day to it's fullest.

Unfortunately I didn't have many fond memories of HS,
except graduation. I wasn't popular & I didn't accomplish

things I wish I had, but you live & learn what's important.
The teenage years were filled with so much anxiety &
insecurities, I'm just glad it's over. I hope my child will be
more involved in school. I married March 3, '90; we bought
a new home in '97. I became pregnant Valentine's Day and
gave birth to a beautiful, precious baby boy Nov 6 '98. He'
my miracle baby. I am a massage therapist, working with
cancer patients & their families. I feel my hands are a gift
from God. I have many hobbies...Frog collector,
photography, reading, & scrapbooking! I'm a scrapaholic.
It's my out from the stress and day to day life. I feel very
fortunate for my life and the things I have.

Fondest memories: the very first day of H.S., The Big 9th
grader—Enoyed school ances, wisiting with friends and
flirting with the guys. Most art I was a shy erson did not
participat a much as I really wanted to!@! However, I have
out grown my shyness and I'm ableto express yself. Well,
there have been many experiences I've bee through, one of
them is having a baby. I'm in the medical field, enjoy
working with some of the finest doctor's most of all loving &
caring for the sick weary & hurting people.

The only time I remember having fun was in Mass media with Miss Starks. We had a great time & I was able to just enjoy myself. The rest of HS is a blur & I'm willing to leave it that way. I spent 5 1/2 years at UH getting my Bachelors in Electricl engineering. Once I got out, I fulfilled my ambition of working in the space program. After 1 years I got tired of the politics& decided to move on. I'm now working at GeoQuest (a piece of Schulumberger) as a computer nerd. I get to travel & solve problems & I'm having fun.

Memories: Mrs. Mays C.V.A.E. class. She was an exceptional lady and many students (including myself) owe her A LOT. (In many cases—our lives!) She's taken in a lot of kids headed in the wrong direction & turned them around. With her guidance, I achieved "outstanding student of the year" at District C.V.A.E. competition. Thanks to her, I went into the field of orthodontic & dental assisting, which I enjoyed for many years. Thanks a million Mrs Mays—wherever you are!! Since: Married in '87, had children in '89 & '92 while we were living in Missoula, Montana. (also have a step-daughter, soon to be 28) We owned 120 acres of land bordering the Nat'l Forest in Bitterroot Valley. But we sold it (much to David's dismay) & now live in TX panhandle in Fritch, TX. It's pretty here—some rolling hills & just 5 minutes from a huge lake and a few hours drive to great skiing. Yes we actually get seasons here!

Fondest Memory: When our team scored it's first points at the last game of the football season. Grad UT/B.S. in Electrical Eng—& UH/MS in Biological Science, now an engineer at NASA—Started in aerospace industry designing military avionics systems. Transferred to civilian aerospace program in '89 * began working on Space Station at Johnson Space Center. Led team integrating Russian space modules with US program then led development & certification of first two space station launches. Transferred to Biomedical Sciences division at NASA to develop research plans & capabilities for utilization of International Space Station. My wife is also an engineer who works at NASA.

Memory: Our powder puff team in sophomore year. We had the best time with the guys cheering & us out there playing ball. I still remember how excited I was when Sherri Luehr threw me that touchdown pass in the end zone & I caught it. As it turned out that was the only touchdown of the game and we beat the juniors (icing on the cake). Since I've been lucky to have an occupation that I truly enjoy—my own business as a fitness trainer; working with people one-to-one. Also I've been involved in a lot of different things thru my work with fire dept. Teaching, working with HPD & HFD doing research studies and many other avenues. Working with 2 fire depts. I became interested in firefighting and am now a Houston Volunteer attending an academy to become fulltime. I am once divorced and my only babies are my dogs, Jake & Bear.

Memories: (2) The 30+ minutes before classes. My friends & I would congregate & gossip. Who was dating Whom? (Which unfortunately never applied to me!) What kind of basketball practice could we expect based on Coach Kopesky's mood? Did James at 16 (TV series) really do the Swedish chick? Disco Sucked and Rock Ruled! Jocks vs The Jells> I always enjoyed basketball tournaments (out of city) & it wasn't because I liked Gladiator movies (actually, Spartacus was a favorite) I enjoyed the camaraderie & battling the opposing teams. The Elsie Rams tried hard as a team, however, when your Center (me) is a 6'4" white gut, weighing in at an imposing 160 lbs with a 2-inch vertical jump, I didn't exactly instill fear into our opponents! Coach Kopesky did miracles with what he had to work with. Thank God, my high school years were not my best years! Things got better in college & continue to get better every year.

Choosing one memory is impossible: 9th grade yr: None of
us had dr. lic., but my brother did. Many hours & Miles were
spent driving around Alief listing to Boston 8 Track. Ritual
always the same—participants would vary. Excitement of
Fridays and all that came with them: jeans, pep rallies, the
freedom to the 2:10 bell, football games. Donna Rawls &
her extreme patience & the generosity she showed us all.
Her fondue parties were the best! Since: I attended college
4 years and met Kevin. We married in '85 & moved to N
Carolina in '88. Our 1st child was born in '89, we returned
to TX in '90 & settled in Sugar Land. The '90's were rough
as I lost my mom in '91 & dad in '94, but there were
blessings as our sons were born in '91 & '94. In '94 we
moved to Humble. My brother & his family are here as are
Kevin's parents. We so enjoy our families close by. We stay
busy with the children's activities, baseball, basketball,
swimming, orchestra, scouts.....

Memories: Skinning the entire class's cats with Chris Haigh during biology—4-wheeling between two-a-days football practices—Putting Bruc Jett's ugly white station wagon in a ditch being late for practice & being made an example of...& yes Chris Haigh was there.—Riding to golf practice with Dick Watley listening o German polka music—Duck hunting after school at the TXI plant with...yes...Chris Haigh – Chris Haigh's uncontrollable laughter when we're standing in line (in jock straps only) to be checked for hernias during football physicals. Since: Grad. TX AM in '84 ih a degree in accounting. My wonderful wife Theresa & I married in June , '85 & have been blessed with 2 daughters. I am currently a partner in CPA firm of Carameros & Rawls (Galleria area), where I have worked for 10 yrs. We predominately prepare tax return for small to med. size businesses & high et worth individuals. I still play golf & hunt & fish occasionally. That will pick up when the son-in-laws arrive. They can get here anytime from the senior year of college on. No sooner!!
AND YES, I STILL HAVE MY JEE!

Memories: After a 0-10 football season, Dennis Kuithe made the one & only touch down during our senior year.--OH and the
Alief Hole?? The one place on the practice field that never seemed to ever get rained on. Pretty eerie!--Math class & Mr SooHoo, he always had the "Indian Tricks" to figure out math the easy way, after teaching us the long hard way. (I always had the easy way figured out first) he hated that!--Chemistry class & Mr Ruff, I remember his Stupid Joke of the Day! We always had to sit through a monolog before every class! Since: Went to A&M in search of engineering degree, whew that was tough & I didn't last long! I spend about 2 yrs working at MOV, Nelson Gulf Coast & IC systems before going to the Columbia School of Broadcasting in '83 to become a Radio Super Star! Have worked at 9 Radio stations taking 5 of them to #1 in their market. In '88 I was able to fly with the Blue Angels (being named #1 air [personality] in Kingsville TX. What a thrill to say the least. I have had the honor to interview George Strait, Garth Brooks, Rhett Akins, Ty Herndon & Mark Wills. Have been volunteer Fire Fighter for 10 yrs. & am a thrill seeker, I skydive, bungee jump, and race cars! Married Julie Crush (Hastings) in '85, had daughter Allison, divorced

in '88...married again in '93, divorced in '93 OOPS!. Married for the last time 9-2-95 to Vanessa. It looks like she will stick around! I spend my days as Program Director, Music Dir. & Morning Air Personality "Buzz Russell" at TX 99 radio in Fairfield TX. Been there over 9 yrs.

I'm living in the Austin area; working in the Cappitol office
of Rep. Talmadge Heflin. Got married in Nov, '92; Anna & I
fill our time with church band, road trips, Longhorn football,
Round Rock Express baseball, and whatever other baseball
games I can get to around the country. Got hooked on golf a
few years ago; try to get out with relatives & friends when I
can, although the utter joy of spousal golf has as yet escaped
my wife. Or she has escaped it. Whatever. Still go to Alief
once in a while to see my dad.

After a brief visit to UH, I attended Tx A&M. Since there
wer lots of people from Alief, I felt right at home. Graduated
& Married to Cary Hunter (Hastings '80) I worked with
small software co. in Bryan. Cary finished his Masters
Degree & we moved to Dallas, & have lived happily there
last 10 years. I am still in software development. We both
keep busy with neighborhood happenings and our kid's
activities.

Notes

And

Hope you have enjoyed this
short time of reminiscing.

Many thanks to all who attended
this evening's get together
your being here has made
the reunion possible.

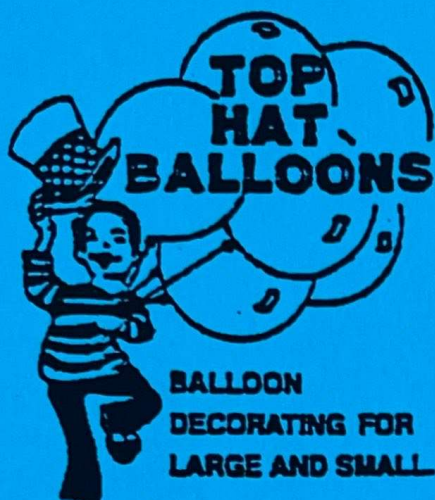

To those who could not attend -
hope to see you next time!

Your Reunion Committee

Be
There!

Susan Landry Young,
Chairman
